CORAM; V.G. PALSHIKAR &
SMT. NISHITA MHATRE, JJ.

DTAED; 25TH JANUARY, 2005.

P.C.

1. By this petition, the petitioner has impugned the order of 15-9-2003 by which the request of the petitioner to practice in Aurveda medicine was rejected. The reason for rejecting it was inadequate knowledge and experience.

2. Taking into consideration the fact that such practitioners seeking recourse to section 37 of the Act are endangering life of people, who may advertantly or inadvertantly go to them because they are allowed to practice. A

medical practitioner has to deal with life of human beings. It cannot therefore be said that the rejection of the permission to practice on the ground of inadequacy of knowledge and experience is a perverse finding. We therefore see no reason to interfere. The petition is accordingly dismissed.
